ABOUT THE COLLEGE

Delhi Metropolitan Education is a premier Educational Institute affiliated to the **Guru Gobind Singh Indraprastha University, New Delhi**. The college offers **B.A. LLB (H)**, **B.BA.LLB (H)**, **B.A.(JMC)** and **BBA** courses with premium quality infrastructure and excellent academic facilities to provide a dynamic and clinical ground for success. It is promoted by the founders of Mayoor School, Noida (in collaboration with GC MAYO College, Ajmer) and DPS World School, Noida Extension. Our vision at **DME** is “to create an inspirational setting where global standards of learning, ethical professional practices and academic and scholarly deliberations are practiced towards attaining individual growth.”

The institute is strategically located at a few minutes distance from the prime localities of Noida, Vaishali, Indirapuram, Mayur Vihar, Laxmi Nagar, Kaushambi, Ghaziabad etc. Adjacent to NH24, it is within 5-7 minutes driving distance from Delhi Border. The architecture of the institute is inspired by the ancient Greek Doric Pillars and many modern facilities including the impressive Nelson Mandela Auditorium, Rabindranath Tagore Library, exquisite audio and video studios for journalism, a moot court for law, a legal aid center, computer labs, conference rooms and a cafeteria are some of the invaluable assets of the institute.

Since its inception, the college has attained numerous laurels to its credit and has successfully attained a distinguished stature. For two consecutive years it has bagged '**A - Grade**' Certificate from the **G.G.S.I.P.U.** The college has numerous societies which are involved in diverse fields & activities ranging from the cultural arts, photography, academics to scholarly events. The societies not only successfully organize Internal and National Events but also participate in National and International level competitions with great enthusiasm, adroitness, efficiency and skillfulness.

The **Department Of Law**, has created a professional and healthy competitive environment for its students, ensuring that they get the best understanding of law. It also continuously works hard and focuses on improving the professional skills of their students and provides them with the best academic and practical experiences. The **Department of Law, DME** has organized many triumphant National Events the most recent being the **3rd National Seminar** titled “**Litigating Equality: Are Human Rights Effective?**” which had over 100 participants from all over the country.

DME has its unique Judicial Training Academy for *pro-bono* training of its own students for various judicial competitive examinations. Ms. Harshita Rastogi and Mr. Santosh Kumar have been selected in U.P and Bihar judicial services respectively.

FROM VICE CHAIRMAN'S DESK

Mr. Aman Sahni
Vice-Chairman,
Delhi Metropolitan Education, Noida

Students of Law today are more active; they have numerous competitions and events. At DME, I have seen the amount of preparations, dedication and efforts that go into organizing one Moot Court Event.

Our Faculty and students are very passionate about mooting and this is reflected in the growing level of our Annual Competitions. This is also in sync with our larger objective of seeing DME as the leading Institution for legal education in the Country.

I wish all those associated with the first International Innovative Moot Court Competition, 2020 the very best of luck.

MESSAGE FROM DIRECTOR GENERAL

Hon'ble Justice Bhanwar Singh

(Former Judge, Allahabad High Court)

Director General, Delhi Metropolitan Education, Noida

Hon'ble Mr. Justice M.C. Chagla was the Chief Justice of Bombay High Court in pre-partition days and continued for a long span of 11 years spreading over to post independence era. He endeared himself to all concerned i.e. lawyers, the officials of the court, the judges of the districts and even the litigants. Pandit Jawaharlal Nehru the first Prime Minister of India was initially not happy with him because the upright Chief Justice submitted an adverse report against one of his cabinet colleagues but subsequently, having been impressed by his popularity, merit and meticulous performance, he picked him up to be Indian representative in UNO and then Ambassador to United States of America. Hon'ble Mr. Justice Chagla adorned many high offices even thereafter including that of an Education Minister of India. He has written in his memoirs that in his initial days at the Bar in Bombay High Court when he had no briefs he would go to different courts and sit there to hear the arguments of the famous and learned lawyers of those days. The scope of learning was unlimited, as he would try to learn what was the appropriate way of arguing a case, how to plead the facts and apply laws as also to refer the relevant citations of the Supreme Court, the Federal Court and the Privy Council. The manners and etiquettes expected of a lawyer, the vocabulary of their language and the brevity of arguments were well within the scope of his learnings.

In this way of process, he learned a lot of qualities, a successful lawyer must be possessed of. All such qualities are taught to the law students in Moot Court proceedings. With that motto, the DME School of Law is elated to announce the 1st International Innovative Moot Court Competition on 20th to 22nd March 2020. Padma Shree M.C. Mehta, who has excelled himself in protecting the environment by his teachings, preachings and pleadings before the Supreme Court would be the Chief Guest in this Moot Court Competition and it will certainly bridge up the gap between the law and the non-law background students. The students of other countries will bring to the table their experiences from their countries in drafting the policies.

I am sure that this event will provide a unique learning experience to the participants. I wish the event a great success.

FROM THE DESK OF THE DIRECTOR

Prof. (Dr.) Ravi Kant Swami
Director
Delhi Metropolitan Education, Noida

After successfully organizing 3 National Moots, moving to the 1st Innovative International Moot Court Competition is like moving to the next orbit. With this event, the DME Law School will move to the next level in two ways. First, from National to International level and second, from a traditional moot to an innovative one by including students from the fields like Political Science, Sociology, Psychology, etc. which form the basis of law

The innovation specifically aims at bridging the gap between the law & non-law students. The non-law students will represent the State or act as a Social Activist and the law students will represent the advocacy.

This moot will provide a stage for converging to the Indian diversity & the global diversity. Students from across continents will hone their mooting skills during this 3-day program and will have a cross cultural exposure. Padam Shri MC Mehta was the first person to endorse DME's idea of an innovative international moot & thus this 1st edition is named after the Ramon Magsaysay Awardee.

I trust that this event will pave the path for institutionalization of a truly international event at DME.

FROM THE DESK OF DEAN

Prof. (Dr.) N. K. Bahl
Dean (Law)
Delhi Metropolitan Education, Noida

The art of mooting plays a vital role in each individual's personality as, every individual is trying to penetrate the legal field through its skills and talent. The practice of mooting gives a close end experience in the actual realms of the working of the court. It is an activity which acts as a test for each and every law student eagerly waiting to be a part of the field of litigation. Propelled by the success of 3rd National Moot Court Competition organized by the Moot Court Society of Delhi Metropolitan Education, Noida, we have now embraced to raise the bar and host the 1st DME Innovative International Moot Court Competition.

There is a proverb that practice makes a man perfect. The closest experience that a law student can get for appearing in a court is mooting. I hope that participants shall make use of doctrine of ratio decidendi not only for strengthening their own arguments but also to demolish the arguments of their opponents. I wish the participants all the best for the competition and a wonderful opportunity to learn and grow.

FROM THE DESK OF HEAD OF ACADEMICS

Prof. (Dr.) Bhavish Gupta
Head of Academics (Law)
Delhi Metropolitan Education, Noida

A moot court competition simulates a court hearing, in which participants analyse a problem, research the relevant laws, prepare written submissions, and present oral arguments. Moot problems are typically set in areas of law that are unsettled or that have been subject to recent developments. Moot court is the paramount activity of a Law college. It provides practical knowledge of Law and gives a first hand experience of the court craft and etiquettes. It helps greatly in inculcating the skills of advocacy. DME Law school offers a congenial environment for the development and enhancement of the personality of students, with these opportunities to be utilised in the best interest and overall development. The DME Moot Court Society has come a long way since its first edition in 2017. With high spirits, as enthused, it seeks to progress and endeavours to achieve distinguished results and set new benchmarks of success.

All the Best!

MESSAGES FROM THE CONVENERS

Dr. R. K. Randhawa
Faculty Convener, DMECS

Mooting helps in overall development of an individual as a good and proficient lawyer by enhancing practical knowledge, teamwork, research and writing skills and building confidence. DME Law School has a vibrant mooting culture and a proactive Moot Court Society which regularly organizes workshops on mooting, client counselling and moot court competitions. It is a proud feeling to be a part of DME Moot Court Society which strives for raising the standards of research and innovation and creating a platform for the future pioneers of legal field who are globally competent and technologically skilled to respond to the future challenges of emergent national and international scenarios.

Mr. Vinay Joshi
Student Convener, DMECS

Great Canadian environmentalist Sir Farley Mowat Stated that “law is life”. With an idea to make the whole concept of mooting more meaningful and a tool of social change, the DMECS feels elated to introduce the 1st Innovative International Moot Court Competition which is first of its kind in the country and will aim to provide a solution to the existing lacunae in the present laws along with active participation of the international students from various countries.

As the student convener for the DMECS, I hope that this moot Court Competition provides a unique learning experience to the participating teams and helps them in sharpening their communication, client counselling skills along with, arguing techniques and social awareness.

MESSAGES FROM THE CO-CONVENERS

Mr. Mukesh Kalwani
Faculty Co-Convener, DMECMS

Moot court is the paramount activity of a Law college. It provides practical knowledge of Law and gives a firsthand experience of the court craft and etiquettes. It helps greatly in inculcating skills of advocacy.

DME Law school offers a congenial environment for the development and enhancement of the personality of students with these opportunities to be utilized in the best interest and overall development. The DME Moot Court Society has come a long way since its first edition in 2017. With a spirit as enthused, it seeks to progress and endeavors to achieve distinguished

Ms. Gayatri Swani
Student Co-Convener, DMECMS

Admission into a professional course is not an achievement but an opportunity to hone one's professional skills and one must not let it pass by. Mooting is the best way a law student can develop their advocacy skills during their journey in a law school. The students are practically taught honesty of purpose, industrious engagement rendering justice as a judge, and helping to render justice as an advocate, serving of the society and philosophical free thinking and solving legal problems independently. It improves your ability to think on your feet. Most students find mooting to be intellectually rewarding and highly enjoyable. It can be nerve-racking but it is a lot of fun for the experience that you gain from it. Above that, given the extraordinary amounts of preparatory work involved in organising a Moot Court Competition, the DME Moot Court Society is an ever-bustling centre of activity, and is without wonder, a coveted Society to be in.

ABOUT ADV. MC MEHTA

Padma Shri M.C. Mehta is a renowned Public Interest Advocate who has won numerous landmark judgments from India's Supreme Court since 1984, including introducing lead-free gasoline to India and reducing the industrial pollution fouling the Ganges and eroding the Taj Mahal.

He has succeeded in getting new environmental policies initiated and has brought environmental protection into India's constitutional framework. He has almost single-handedly obtained about 40 landmark judgments and numerous orders from the Supreme Court against polluters, a record that may be unrivalled by any other environmental lawyer in the world.

He is currently working with the M.C Mehta Environmental Foundation, an NGO that provides training programs for aspiring environmental attorneys and runs numerous environmental justice campaigns.

Fortunately for Delhi Metropolitan Education, he has given the college his blessings and will be associated with the team for the 1st DME Innovative International Moot Court Competition.

ABOUT 1ST DME INNOVATIVE INTERNATIONAL MOOT COURT COMPETITION (CONCEPT)

DME Law School strives for bringing in a positive change in the status quo of the society through innovative and practical ideas. The DMEMCS, under the aegis of Faculty and Student conveners and the MCS student Executive Board has organized a number of prestigious moots, including the DME National Moot Court Competitions (DMENMCC) in the years 2017, 2018 and 2019 all of these moots were one of their kind as the problem for the moot and the rules for the competition were drafted in a way which allowed the participants to use an innovative approach while mooting.

The DMEMCS understands the need of the changing time and hence this year we have come up with an idea of bringing in an innovative approach to the Moot Court Competition and make it something more than just courtroom debating.

The Delhi Metropolitan Education Moot Court Society feels elated to propose the first-ever moot in the country that will have active participation of the non-law students as social activists and state representatives and the moot will not only sharpen the advocacy skills of the law students but will provide them with a first-hand experience to the participants to deal with their clients, the moot proposition is drafted on the issue concerning the current challenges to environment. Through the moot the international students with a Non-Law background will get a chance to experience the court room proceedings and through the policy drafting workshop they will be able to draft a policy which will provide a solution to the problem raised in the proposition.

The focus of the DMEMCS through this moot is to –

- Bring innovation to the traditional mooting**
- To bring in a solution for a social issue that can be a tool of a social change**
- To find out ways through which justice can be delivered to the doorsteps of citizens.**

All the above-mentioned goals are being discussed in depth below, followed by a detailed Moot Plan

Innovation

The DME – Moot Court Society strives to bring in certain innovative changes to the mooting culture in the country, with an idea to have a meaningful and a practical competition, This year the Moot Court Society aims to provide the participants with a first-hand experience of communicating and dealing with the clients (victim teams) who are either in different cities or are overseas.

This idea is one of its kinds in the country where the participants will not only prepare to argue in the Court of Law but will also gain an opportunity to connect with the petitioners (international participants) of the case. It is to be noticed that the said victims will be the students of various courses like B.S.W (Bachelor of Social Work) and M.S.W (Master of Social Work), volunteers of various reputed N.G.O's and other courses. The idea behind the participation of non-law students is that every activist has to knock the court's door to secure justice, therefore, this Moot Court Competition will provide the non-law students to experience the questions and the accusations that the petitioners face at times also this moot will provide them a platform to share their experiences from their respective countries in form of a policy.

The idea is to deliver justice to door-step -

As stated earlier Moot Court Society aims to innovate the way moots are conducted in the country. Today, moots have become limited to the courtroom debating and basic research on a fictitious moot proposition which fails to provide any solution to the problem that concerns the society. The DME Moot Court Society aims to fill this gap between the fiction and reality hence the moot problem which will pose a question that demands the solution to the issue as its answer, Also the non-law students will draft a policy that the state should implement to bring in a change in the society with regards to the problem concerned this will not only give a positive perspective to the moot court competition but will also help in understanding the problem suggesting ways through a policy by which the government can deliver justice to the door-steps of the citizens. The best policy will be sent to the appropriate government of the State as a suggestion from our side so as to contribute our bit as a resident of this Society.

XIII. *Scoring in the Oral Rounds*

1. The Preliminary Rounds

- 1.1. There will be two (2) Preliminary Rounds to ensure that each team is given the opportunity to argue from both sides of the Proposition.
- 1.2. The fixtures for the Preliminary Rounds shall be determined by draw of lots.
- 1.3. For the Preliminary Rounds, the winner of each such round shall be determined on the basis of the criteria of evaluation of the memorials scores and the speaker scores, as mentioned in the Rules below.
- 1.4. Each Round shall be decided by awarding a maximum of nine (9) points.

- 1.5. If the difference in memorial scores of the teams facing each other is equal to or exceeds seven percent (7%) of the maximum obtainable score, then three (3) points are to be awarded to the team with the superior memorial scores. If the difference in memorial scores is less than seven percent (7%) of the maximum obtainable score, then two (2) points are to be awarded to the team with the superior memorial scores and one (1) point is to be awarded to the other team. If there is no difference in memorial scores of the two teams then the teams will be awarded 1.5 points each.
- 1.6. If the difference in speaker scores of the teams facing each other, as awarded by each judge in the Preliminary Round is equal to or exceeds seven percent (7%) of the maximum obtainable score, then three (3) points are to be awarded to the team with the superior speaker score. If the difference in speaker score is less than seven percent (7%) of the maximum obtainable score, then two (2) points are to be awarded to the team with the superior speaker score and one (1) point is to be awarded to the other team. If there is no difference in speaker scores between the teams, then the teams will be awarded 1.5 points each for that judge.
- 1.7. If two or more teams have the same cumulative points, then the team with higher aggregate score shall be ranked higher. If two or more teams have the same cumulative points and same aggregate score, the team with the higher cumulative speaker score shall be ranked higher. If two or more teams have the same cumulative points, same aggregate score and same cumulative speaker scores, then the team with the higher gross memorials score, i.e., the score of the memorials without deducting penalties, shall be ranked higher.

Note: the quarter finals will be similar to the prelims but the scores for the best speakers and Social activists / state representatives will not be added.

2. The Semi Final Rounds:

The top-four scoring teams shall compete according to the draw of lots.

The top two teams would be selected for the Final round based on the knockout format.

Q&A session with the activists and the State representatives, will be similar to the preliminary rounds but on the discretion of the bench. The scores for the same will not be granted to them in these rounds.

3. **In case of a tie, the team with higher aggregate speaker scores will be declared the winner for that round. If the aggregate speaker scores of the teams are the same, then the team with higher gross memorial score i.e., the score of the memorial without deducting penalties shall be ranked higher.**

4. The Final Round

- 4.1. The two (2) teams that proceed to the Final Round, as determined by the Rules above, shall each argue only ONCE for the side allotted by a draw of lots.
- 4.2. The team which wins the Final Round shall be declared as the 'Winning Team'. The other team shall be declared as the 'Runners-Up Team'.
- 4.3. The winner of the Final Round shall be determined on the basis of the rules mentioned above (1.6), i.e. based on the score of the oral rounds only. The bench-strength for the Final Round shall be an odd number but not one (1).
- 4.4. In case of a tie, the team with higher aggregate speaker score will be declared the winner for that round. If the aggregate speaker scores of the teams are the same, then the team with higher gross memorial score i.e., the score of the memorial without deducting penalties shall be ranked higher.

MOOT PROBLEM

Indica is a developing country where numerous MNCs have invested in and, undertaken several developmental projects. Owing to the ongoing development activities, emission of micro pollutants has increased the level of air and land pollution manifold.

Delica is a union territory in Indica and has been labelled as one of the most highly polluted cities. It has a wide capital investment by various investors and is well acclaimed for prestigious educational institutions, monuments and massive infrastructure. This in turn has turned Delica as a favourite, among tourist destinations in Indica.

Although, the Honourable apex court has reiterated that; the right to life guaranteed under Article 21 of the Indican Constitution is inclusive of the right of citizens, to live in a pollution free environment in its various judgments yet, Article 19 of Indican Constitution provides for the right to practice any business and profession. Since Indica is a developing nation, the land and resources are supplied to the investors at comparatively low rate who have invested in developing trade. This has led to increased employment opportunities, development of the state that has led to overall development of the country.

The ground water level of Delica is decreasing at a higher rate due to, its unsustainable usage in various developmental projects undertaken in medical, educational, and other fields. Since Delica has limited resources with multiple uses, the standard of living of the residents is decreasing day by day. Hence, due to decline in air quality, the govt. of Delica has levied additional taxes on residents for providing them with caution equipment like air masks. The government distributed only two masks for each family.

Amroza a social activist, was awarded by the president of USA, and honoured by International Union for Conservation of Nature. She is an avid supporter of people's right to clean environment and the need to preserve the environment. Her works and activism made a positive impact on the society. The society is very much dependent on the activities undertaken and works initiated by Amroza in order to prevent further degradation of environment. She is also a member of United Nations Environment Program. Her social activism lately yielded successful results by putting a ban on use of plastic bag in "Panama". She runs an NGO "Hare Paryavaran Ka Nirman", established for Indican population. The NGO is regulated by the Indican laws and keeps a check on the working machinery of Indica. The NGO is renowned for taking strict action against the policies that are not environment friendly. She has through her NGO, succeeded in making a large portion of population aware of their environment rights and the benefits of living in a safe and fresh environment. She is one of the most popular and favourite figures to have garnered support from various countries.

According to the report, submitted by the "Hare Paryavaran Ka Nirman" NGO,

3096 people die because of increasing pollution level in Delica every year. And 2091 healthy people suffer from lowered immunity levels owing to diseases caused by environmental pollutants and consumption of contaminated water by the residents. The maximum number of deaths are because of air pollution and supply of contaminated water.

"Vinu Pal University" the most prestigious and critically acclaimed educational institution in Delica, attracts students from around the globe to enrol in various professional courses offered by the university and its affiliated colleges. A large portion of students taking admission belong from USA, Canada, UK, Australia etc. to secure job security offered by the companies pursuing their degree from this university. The rapid increase of industrial establishments has led to increase in air pollution. The air quality of Delica has worsened and residents are facing health problems making it almost impossible to continue living there. Due to rising health concerns, the students from many colleges and universities decided to peacefully protest against the govt.'s failure to provide for a safe and healthy environment, thereby expressing their concern to protect the environment from further depletion. But the passing of Citizenship Amendment Act 2019, by the government of Indica, further aggravated the public's dissent with the govt. action. Those in favour of the Act also protested the opposition. The peaceful protest turned violent as the mob was taken over by some miscreants, who damaged public property, assaulted and groped several female protestors and engaged in criminal acts. The chaos provided perfect opportunity for both left and right political parties, to get a clean chit from the accusations of abetment to cause riots and waging war against the government.

According to the report issued by the police department, the violent activities and protests were initiated by the public to express their dissent with the Citizenship Amendment Act, 2019. The report submitted by the department of police also postulates that the residents of Indica indulged in violent activities due to misconception and misinterpretation about the Act.

According to the report submitted by the Criminal Investigation Department, the violent activities were initiated and instigated by the members of the opposition political. It also reveals that half the protestors are unaware about the Act and the real reason as to why they are protesting. It is just a facade to gain publicity. The protest has resulted in damage of property worth rupees 30 crore, belonging to the government of Indica in the states of Delica, Ghaciaban and other states of Indica.

The report submitted by the Delica Pollution Control Committee postulates, that the protestors resorted to violent means to express their dissent by setting public transports and property on fire. Both public as well as private property were damaged. This fire led to an increment of the Delica pollution index by 200 points. Also, large amount of water, approx. 2,00,309 Litres was used for extinguishing the fire and to disperse the angry mob.

Mr. Waytt Maddox, a student of Vinu Pal University, from Australia started facing breathing problems. on 5 January, 2020. After taking light medicines he consulted a doctor and on 6 January 2020, Mr Waytt Maddox underwent some “pulmonary function tests” recommended by the doctor. The reports of the tests stated that Mr. Waytt Maddox was suffering from lung cancer due to inhaling air contaminated by “microscopic pollutants”. Also, his body was found deficient in minerals because of consumption of contaminated water insufficient in vital nutrients. The cancer caused an infection that led his lungs to collapse. He underwent a surgery and lung transplantation, whereby his brother Mr. Soyuz (another student of same university) donated his lung. During the surgery, Mr. Soyuz died because he was unable to recover from the infection caused by the micro particles present in air during surgery.

The Delica police upon investigation found many people guilty for causing riots. According to the police investigation, some Indican students of Vinu Pal University were also involved in the riots and its abetment. Upon further investigation, it was found that Mr. Metox Vens (a foreign national) was a part of the riots through his passive support via whatsapp chat, that led to cancellation of his visa and was asked to deport back to his country. Also Mr. Waytt Maddox, a student of Vinu Pal University, citizen of Australia, was found to be involved in provoking violent reaction of the people through Snapchat to reflect the mob's anger against the amendment act passed by the Govt. of Indica. His visa was also cancelled but owing to his critical situation post-surgery, he was allowed to stay in Indica for his recovery.

A petition was filed by the NGO “Hare Paryavaran Ka Nirman” under Article 32 of the Constitution of Indica, seeking remedy for the losses incurred by the residents due to the pollution caused by gaseous emissions from industries, during festivities and also for the physical injuries and mental trauma suffered by the students, who were peacefully rallying which resulted in riots by the mob. Another petition was filed by the Principal of Vinu Pal University, for claiming the losses owing to rapid decline in admission of foreign students because of the degraded air quality and scarcity of water in Delica. Another petition was filed by Mr. Waytt Maddox under Article 32 of the Indican Constitution, claiming his right to stay in Indica for completing his education and seeking permission, to allow Mr. Metox Vens to return to Indica for pursuing his education. The apex court has clubbed all the petitions, decided to hear the matters together and pronounce the judgment on 21st of March 2020.

A letter was sent to the bench in which the problems and perceptions were explained by an individual.

Note:

- 1. Indica is a country like India and its laws/rules/regulations are pari passu to that of India.**
- 2. Delica is a union territory like Delhi and its laws/rules/regulations are pari passu to that of Delhi.**
