Kind Attention: Dr. Seema Mam

Associate Professor

Students graduating from DME, a premier institute, have limitless career opportunities and have scope to enrich the knowledge they have earned. By infusing a good mix of classroom teaching and practical court room applications, many students who worked with us have gained confidence, determination and learnt how to grow both personally and professionally.

Dr. Seema, who is an Associate Professor as well as Placement Officer at DME, has provided all kinds of help to the students of DME to provide excellent work opportunities, through the placement drives of the Institute. Many of the students have got an opportunity to work with our firm. By providing such work opportunities to numerous students, she has shown them the gateway to enter the professional industry and the students working with our firm have shown sincerity and good conduct.

The students could get accustomed with the work-culture of our firm and presented good reasoning and analytical skills. They have also shown good performance with respect to drafting & pleading skills.

From grasping things quickly to completing prescribed work on time, they discovered themselves, which is an overwhelming experience for us and as well as the students themselves.

I wish them all the success !!
