Participation in the cultural activities brings an individual a host of personal benefits. Their impacts are always deep, wondrous, and great. It creates a sense of belongingness toward each other culture. The Cultural Cell of DME College aims to encourage students interest, participation, and responsibility by providing social, cultural, and recreational activities for the College fraternity. Keeping this in mind the College has different groups which give students an opportunity to demonstrate and develop their talent in the fields of music, dance, and other fields of culture, giving a boost to their physical and mental health.

A sneak peak of what we did in the month of November 2021 is provided below.

1st November 2021 SPECTRUM

Rangoli is an art form originating in the Indian subcontinent, in which patterns are created on the floor or a tabletop using materials such as powdered lime stone, red ochre, dry rice flour, coloured sand, quartz powder, flower petals, and coloured rocks. Rangoli adds grace to any celebration and for welcoming Batch 2021-2026 to DME Law School, students of DME Art Society prepared rangoli on 1st November, 2021. Shruti Rajee (B.B.A., LL.B (H)-2B) and Yukta Maan (BBA-2C) prepared a vibrant abstract rangoli using dry and rice colours and flower petals.
