It is accountable for the social and cultural aspects of life at the institute. CINE TREASURE

Cine Treasures, the film appreciation society of DME Media School opened their membership for the students of all courses in the last week of December 2021. A google form was released on official social media handles of DME, providing students with a link to fill the questionnaire. Those who wished to become a part of Cine Treasures were requested to fill the form till Monday, January 3, 2022.

The form had a few basic questions about the student's contact information and two core questions concerning the student's creativity and interest in the society. A meeting of Cine Treasures members was convened on January 7, 2022, to judge and select new members from the fresh batch of 2021 for the society. All three departments, namely law, management, and media, received a total of 28 responses. The meeting began with a brainstorming session in which all the attendees shared their thoughts on how to pick new members for the society and how many new members should be accepted.

Following a brief discussion, the team concluded that the candidates should be judged based on two core questions included in the questionnaire form. Through their answers, the candidates' ingenuity and interest were given top emphasis. The first question was, "If, given a chance to execute and plan an event, what would you like to do?" The secondary question was, "Why do you wish to join this society?" The team chose

candidates who met the criterion for answering these questions with the most ingenuity and demonstrated a desire to work for the development of society. Following a thorough review of their responses, proper discussion, and judgement by the team members, a total of 14 students were chosen.
