Karan Sikaria
Student Cultural Head,
DME Cultural Cell

It has been more than 6 months since the felicitation ceremony of being announced as the "Student cultural head" of Delhi metropolitan Education and in these past months, I, along with the cultural cell has conducted so many events with such finesse. For the audience the event starts and ends on the event day but it's only when you are in the organizing team you realize that for you, an event starts a month back and ends a lot later.

I feel so proud and honored to be given this opportunity of being the Student cultural head, because in the process, I, have grown so much as a person. Of course, I learnt all the managerial skills and spontaneity but apart from that I have learnt to be humble in chaos, to take accountability for mistakes, function in pressure and to work with Harmony. I would like to use this medium and thank the cultural head Ms. Navjot Suri ma'am for being the strong pillar of confidence everytime we needed it. My cultural team and each & every person who has helped and contributed in making all the events a success.

Your contribution will never go unnoticed.

Kashish Kapoor
Student Cultural Head,
DME Cultural Cell

Curtain falls on yet another eventful year, here at DME. A time for us to reflect, work on our shortcomings and humble ourselves for all our successes. DME has yet again succeeded in providing the students with a meticulously and carefully planned mix of academics and extra-curriculars through which all DMEians have proved yet again that, it's not just studies that we excel in, but every single endeavor that we choose to do. From freshers, EUPHORIA 2k22 to Felicitation Ceremony to Diwali Cultural Carnival, the cultural cell has stamped their credentials all over. But none of these accomplishments would have turned into realistic goals, had it not been for the constant encouragement of Mrs. Navjot Suri ma'am.

The constant encouragement and involvement from the team and faculty head ma'am has been the strong catalyst on which the DME Cultural Cell have built up our successes.

Yashika Goel
Student Cultural Secretary,
DME Cultural Cell

The exposure to Diwali cultural carnival was one of my best experience in the college being the part of the core team of DME Cultural Cell. I got an opportunity to observe how to work in a team, how to be patient in handling difficult situations and most importantly how to get the work done from the subordinate team of OC Members, the task which was handed over to me for the 2 days event by my mentor Ms. Navjot Suri ma'am. I am grateful to ma'am for believing in me and I will continue to make her proud in the coming events. I am thankful to my hardworking seniors Ms. Kashish Kapoor and Mr. Karan Sikaria who are my mentors, they have always been a great support in all circumstances. It was a very efficient learning and meaningful experience for me. I feel very grateful as my efforts and hard work was recognized and I was promoted to be a cultural secretary of the cultural cell of DME. Now, I can say proudly that Choosing to be the part of cultural cell was my best decision made in these 2 years of my college life.

Looking forward for more good opportunities.

Collage life is that part of life which we relive in our memories whenever we think about our growing stage. It's my pleasure to be a part of DME Cultural Cell because this cell has filled my college journey with so much of fun and experiences. My journey from "Volunteer" to "OC member" to "Cultural Secretary" is just an amazing experience because this experience gave me magical growth in me. This special opportunity to serve Delhi Metropolitan Education Cultural Cell as Cultural Cell has its own precious value in itself. Thank you so much Ms. Navjot Suri Singhal (Head of DME Cultural Cell) for considering my efforts and hard work the way you consider us as yours. It just gives me magical and positive vibes I hope I will stand up to your expectations and give my best as much as I can to this society of DME and of course my journey till here wasn't possible without, Kashish Kapoor (studenthead) and Karan Sikaria (studenthead) thanks to both of you for supporting me and understanding me it wasn't possible without you guys. It was an amazing experience always to work with you guys as I learned and grew a lot during this time period. All your contributions and support and the lessons which you guys taught me how to talk, how to deal with the problems at the end moment, how to manage things, managing crowd in the event etc. All these learnings matter for me a lot, it's just priceless. Thank you.
