I, Tushika Joshi, Student of Delhi Metropolitan Education (BJAMC) would like to extend my heartfelt sincerity to the GGSIPU university for granting me the opportunity of being a part of the university fest "Anoogunj 2023" in the "Nach Baliye" duet dance competition. I along with my friend, Gagan Malhotra, also a student of Delhi metropolitan education (Law) won the 1st prize in the Anugoonj 2023. The competition happened in 2 stages: Preliminary round and Finals. The preliminary round happened on 23rd of February at the IDEAL Institute of Technology, affiliated with GGSIPU, where we were selected for the finals. After which we had only 7 days to work on our 6 minute long finale performance. This was a challenging task in itself since the competition was held during our external examinations but with the help of the very needed support of the cultural faculty incharge Navjot Suri Singhal ma'am, things were a-lot smoother. We finally gave our performance on the afternoon of 2nd march 2023 at the main campus of GGSIPU and won the first prize out of 135 colleges. We were facilitated with a trophy and the certificate. At the end I would like to mention that it was indeed a thrilling experience to get that kind of exposure in the first year of our college. We feel proud to represent DME at the university level.

Extracurricular activities teach students how to work for a common goal and this ultimately develops a sense of responsibility in them. It increases the level of confidence and also teaches them how to co-operate and work with people in different conditions. They learn to face the challenges that come in education and career. We at DME, Noida endorse and spread the Message of Unity in Diversity. DME is nurtured on the vedic principles of 'Vasudhaiva Kutumbakam' meaning 'World as One Family'. The Cultural Cell is therefore committed to create an amicable atmosphere for peaceful coexistence.

The Cultural Cell is thoroughly indebted to the sheer dedication and hard work displayed by the student members of DME Frames – The Photography Society of DME. Somehow, you found a way to capture each and every important moment through your lens and forever ingrained the same in our minds.
